

BARNYARD

Type: Hybrid

Lineage: ChemD S1 X AVL

Breeder: GTR Seeds

CLIMATE NEUTRAL CERTIFIED

IPM Farming

Farmer Owned

Sun Grown

A true crowd pleaser! **Barnyard** is great for happy hour - perfect for when you clock out. On the way up it's clear-headed followed by a subtle headband effect as things start to get a little less serious. A touch on the stony side, Barnyard is a great choice for transitioning from the afternoon into the evening. It's as if Barnyard revs you up a notch and then gently slows things down to a calmer, more relaxed pace. You won't be zonked out, but you'll probably have a smile on your face the whole time. Barnyard can also take you to Munchie Town, so be sure to have your favorite snacks nearby.
